Ek het pas my knipmes van Kappetijn ontvang. Wat 'n meesterstuk! Dit straal kwaliteit uit en lê gemaklik in 'n mens se hand. 'n Mens kan dit met trots gebruik. Dit sal weereens my werkmes wees, want dit is betroubaar. En die diens wat ek ontvang het was uitstaande effektief en vriendelik. Baie dankie.

Het n middeleeuse swaard laat maak deur Dennis n paar jaar terug. Pragtig gemaak en n regte bang maak wapen!

As a collector of knives, I have always admired the Kappetijn knife prize in the SA Hunter magazine. After entering the competition many times, I won one!! This knife will be displayed, NOT used - thank you very much SA Hunter and Kappetijn...

Dear team at Sajagterhunter magazine and Dennis Kappetijn. I would like to thank you all very much for the prize I was lucky enough to win for the month of April. I picked up my prize from Dennis yesterday and was amazed to see just how wonderful his products are. Dennis was extremely professional and answered all my questions about the various types of knives. Thank you once more to everyone who made this possible, I really appreciate it. What a privilege it is to be a part of SA Hunters!

I am proud to be the owner of two damascus blade grecian type short swords, as well as a damascus hunter/dagger from Kappetijn Knives.

The quality is excellent, the finish superb...and in the circles that I move, it draws more attention than a Ferrari... With traditional mounted archery & combat, we use this stuff !

If that doesn't tickle your fancy, I imagine you've made a mistake on your Google Search !!

After becoming fascinated with the Damascus pattern blades shown occasionally on Forged In Fire, I fell in love with one of Dennis's knives on sale at Kings Meat Deli. It kept on calling to me and now I am its proud owner! It is a stunning form of functional art and I show it to everyone who matters to me! I couldn't be happier with it!

Just received my Iklwa Folder with Damascus steel blade, brass bolsters, camel bone and ebony handle. What an absolutely stunning knife! It was worth the wait for this luxurious, hand-made device. There is nothing to compare it to in the US - and that is a good thing. In the past couple of days, I have seen a lot of jaws drop! You may expect orders to go up!

Hierdie is verseker die lekkerste mes van my versameling. Afwerking is tops. Gewig is so dat dit jou laat weet jy het gehalte in jou hand.
